### IN THIS ISSUE:

## Week 2 - January 18–22, 2010

### About the TWIO

This Week in Olympia is emailed to active WASA and AEA members every Friday and is posted on WASA's website at [www.wasa-oly.org](http://www.wasa-oly.org). TWIO provides schedules for committee hearings, a Bill Watch (which tracks bills as they move through the legislature) and information on legislative issues important to school administrators.

### This Week in Review

The second week of the session opened with an excellent presentation by Paul Rosier (WASA), Gary Kipp (AWSP) and Dale Kinsley, Executive Director of the **Washington State Leadership Academy** ([http://www.waleadershipacademy.org/resources/presentations/assets/sec\\_2010\\_pres.pdf](http://www.waleadershipacademy.org/resources/presentations/assets/sec_2010_pres.pdf)) "It turns out that leadership not only matters; it is secondary to teaching among school related factors in its impact on student learning..." The presentation was followed by a roll out of the **Governor/OSPI/SBE agreed upon "accountability" bill** SB 6696 (<http://apps.leg.wa.gov/billinfo/summary.aspx?bill=6696&year=2009>) which is coordinated to the state's application for RTTT. ([www.wasa-oly.org/GovRTTT](http://www.wasa-oly.org/GovRTTT)) A lot of collaborative work has been going on behind the scenes but the presenters Judy Hartmann, the Governor's K-12 policy director, Superintendent Randy Dorn and Mary Jean Ryan, chair of the SBE were quick to point out that there is still a lot of work to do before the bill is acted on by the full legislature. The Senate bill was divided into three separate bills in the House-HB 3038 Accountability; HB 3035 Evaluations; HB 3059 Alternative Routes and Preparation Programs. They will be heard next week.

The **Education Appropriations Committee** heard four bills on Tuesday which were passed out of committee on Thursday: HB 1757-a small district contingency fund; HB 1969-predictable funding for residential education; HB 2670-restoring the levy base and HJM 4020-a petition to Congress requesting forty percent funding of IDEA. A fifth bill, HB 2449-truancy payments-was heard but was not acted on.

The **House Education Committee** continues to hear a number of bills that Chair Quall has said relate to issues that need to be "kept on the table"-even though the legislature may not be able to act on them because of the budget problem. These include: Kindergarten outreach (HB 2834); antiharrasment strategies (HB 2801); school safety (HB 2835); gangs in schools (HB 2834); and dropout prevention (HB 2631). WASA testified that there were many good ideas and a need for support programs in schools but there is no money and we definitely want to avoid any more unfunded mandates.

The **Government Operations Committees** in both houses heard bills that WASA and WSSDA have been working on with members of the Local Government Coalition. The bills aim to address excessive public records requests (SB 6367/HB 2582) and provide a meet and confer option to resolve disputes. (SB 6368/HB 2583)

On Thursday, the **Senate Education Committee** heard bills relating to levies. WASA testified in favor of SB 6518-with concerns. The bill provides for a temporary four percent levy lift accompanied by a commensurate increase in levy equalization; calculating I-728, I-732 and K-4 in the base even if they aren't funded, and allowing a return to voters in mid-levy cycle if the base is increased after a levy is passed. ([www.wasa-oly.org/LevyBMertens](http://www.wasa-oly.org/LevyBMertens)) Our concern is that the state isn't funding basic education and -so far-has no revenue plan to do so. All this does is push the obligation to keep our schools solvent-back on local taxpayers-which is unfair and inequitable. ([www.wasa-oly.org/LevyLidFundingBasicEd](http://www.wasa-oly.org/LevyLidFundingBasicEd))

**The Network for Excellence in Schools** coalitions (McLeary vs State school funding lawsuit) announced that the court's decision which was due out this week will be delayed until February 23. [www.waschoolexcellence.org](http://www.waschoolexcellence.org)

**The Rebuilding Our Economic Future Coalition**, which WASA belongs to, has invited all of us to attend a rally in Olympia on February 15. For details on the rally, go to <http://fusewashington.org/budget>. \*This is for informational purposes only. Please do not distribute using school communications. If you are interested in receiving daily clips on budget news for all of state government impacted by the budget, WA Budget Press Clips, contact [joshuawelter@gmail.com](mailto:joshuawelter@gmail.com)

The **Economic Revenue Forecast** will be reviewed on February 12. Budget writers are busily working on various budget scenarios behind the scenes. The revenue numbers and a possible "state bail out" factor into the negotiations. The possibility of a federal bail out is being debated in Congress. Details are expected sometime after the President's State of the Union address the end of January.

### Retirement and Health Benefits

A number of new pension related bills were introduced during the last part of the first week of this legislature and during this past week. None of these bills were given recommendation from the Select Committee on Pension Policy (SCPP).

HB 2617/SB 6426 includes the elimination of the Employee Retirement Benefit Board which monitors and makes recommendations regarding the functioning of TRS, SERS and PERS Plan 3. This board's responsibilities will be taken over by the Department of Retirement Systems (DRS).

Senator Bailey has introduced two bills; one that tightens benefit increases, HB 2679, and another that modifies provisions regarding the methods of funding benefit increases for state retirement plans, HB 2871.

Senator Schoesler and Hobbs have introduced SJR 8223 which calls for a constitutional amendment on contribution rates. It calls for a 3/5th vote of both houses of the legislature to reduce the employer contribution rates recommend-

ed by the Pension Funding Council. The State Treasurer, James McIntire, has met with stakeholder groups, including our association, regarding the possibility of having a more focused constitutional amendment resolution introduced. This constitutional amendment would set specific rates for the unfunded liability of TRS and PERS Plan 1 and set some new rules regarding setting normal rates for Plans 2 and 3. At this time both the Federation of State Employees and Washington Education Association have expressed some concern regarding supporting such a measure.

Very little committee action has occurred on pension bills other than HB 1541, Past Part-Time Service Credit, and HB 2617, Eliminating Certain Boards and Commissions. At this time HB 2875 is the only health benefit related bill that could impact some school employees. The bill calls for the Public Employees' Benefit Board (PEBB) to implement health savings accounts (HSA). This issue is already in statute, however has never been initiated. The bill would allow the PEBB to contract with a third party administrator to fund HSA from participating employees' payroll systems.

Additional updated information can be found on our association's web site within this week's "Retirement/Health Benefit" bill watch. [www.wasa-oly.org/RetirementBillWatch](http://www.wasa-oly.org/RetirementBillWatch)

### AEA

This past Monday, AEA testified before Senate Ways and Means regarding our concerns and one positive issue in the Governor's 2010 Supplemental Budget. Specifically, we are concerned about challenges for school districts in terms of cash flow if the June 2010 appointment payment goes to July. WASBO is working with OSPI to look at some alternatives to this specific reduction. We also expressed concern about any more maintenance reductions, as maintenance budgets across the state are on a "thin edge." Finally, we urged the Committee to follow the Governor's lead, as she included in her supplemental operating budget, the current funding of the elimination of the reduced price student copay for K-12 breakfast and K-3 lunch.

WAMOA and WASBO collaborated on drafting a floor amendment on HB 2561, the jobs bill. However, Rep. Dunshee did not run our amendment, and the bill passed the House on Wednesday. We believe that the definition of "operational cost savings" needs clarification, in terms of how districts that don't use performance contracting can measure and report their savings. Our objective is that some districts, which may have financial difficulty meeting the leverage requirements for performance contracting, will have clear understanding of the alternative process. We will work with Senate Ways and Means to clarify this language. The bill was amended to change the time limit that a district which doesn't use performance contracting must track energy and operational cost savings either for 10 years or until the savings pay for the project, whichever is shorter.

We are developing specific responses to the several levy lid/levy equalization/levy base bills. Our AEA position is that if there is an increase in the levy lid, there should be an appropriate increase in levy equalization. We also feel that the levy base should include the full funding of I-728 and I-732.

## Bill Watch

This Week in TWIO we start to track bills that have been introduced. A bill's "status" changes as it is heard in committee and then either dies or moves to the floor of the House or Senate. It then crosses over to the other side and goes through the same process. Bills, including sponsors, amendments, actions and history can be found by clicking on the bill number.

February 9 is the last day to hear bills in the house of origin policy committees.
