

# Woodland Education Association

January 19, 2010

To The Woodland School Board Directors:

On behalf of the Woodland Education Association, I would like to extend a thank you for the support that you have offered us throughout the years. Our association recognizes that the decisions that you make are not entered into lightly. While our district has been fortunate to have several years with a relative static or increasing budget, we now find ourselves in the midst of a national economic crisis with state and local implications when it comes to education. There are no easy solutions or easy cuts to be made, but we have appreciated the opportunity to work alongside the district, and you, the Board of Directors, to weigh in on those tough decisions.

The Woodland E.A. is thankful that you, our Board of Directors, value student learning and the role that teachers, counselors and librarians play in ensuring student success. We thank you for your sustained support. School boards rarely get the sense of appreciation that they deserve. Please know that we are appreciative of your work.

Sincerely,

A handwritten signature in cursive script that reads "Shari Conditt".

Shari Conditt

Woodland Education Association Co-President
