RE: Sidewalk Construction and ROW Dedication

Dear Michael Green,

The purpose of this letter is to notify the Woodland School District of the City's desire to get a right of way dedication along a portion of 775 Park Street for the construction of a sidewalk. As you know, the City plans to expand the sidewalk network this summer to provide additional safe travel routes for pedestrians. We would like to fill the sidewalk gap along your property.

The City is in the process of contracting a surveyor to delineate the exact location of the right of way to be dedicated. The estimated width of the dedication is ten (10) feet.

Please contact me with any questions or concerns (360) 225-1048 or johnsonc@ci.woodland.wa.us.

Sincerely,

Carolyn Johnson
Community Development Planner
