Do you have recommendations on how we could improve our academy?

- I am looking forward to how the academy will continue to grow. I would love to maybe see some small social study units that tie into local things like the upcoming elections, Lewis and Clark trail, Oregon trail, etc.
- I would like to see a way to incorporate private/group lessons or activities as a covered option for art and PE. For example; taking part in recreational sports, or the local theater.
- My daughter Natasha is very happy with her curriculum and her instructor Mr. Knudson.....she enjoys her online school!
