Dear Brian,

The Woodland School Board thanks you for your hard work in completing the repeater project that started a year and a half ago. It appears that you've gone above and beyond the call of duty in fixing the problem that we had in its use. We have seen the pictures of the work you have done and appreciate all that your employees have put into this project.

Know that this greatly helps our radio communications with our schools, and that this helps us keep the students and staff safer during emergencies. It also provides for day to day communications between buildings, for more convenience.

Thanks again, for your help and high quality customer service.

Sincerely,

Superintendent
