RE: Letter of Support for Healthy Kids-Healthy Schools Grant

Dear Director,

The Board of Directors has pledged their support to sustain the improvements funded by a Healthy Kids-Healthy Schools grant.

Woodland School District is committed to providing all students with the educational foundation necessary to succeed. We have set high standards in what is taught in our classrooms, and all areas of the school that have a direct impact on our students. We consider the condition of our facilities, the meals we serve, and the options we have for active play to be critical components of our educational environment. Healthy, well-fed students are more apt to succeed.

The District has received a preliminary grant award in the amount of $21, 628. The following projects are included in the grant:

> Woodland Middle, Intermediate, and Primary Schools, as well as Yale Elementary School, water bottle filling stations in the amount of $5407 per project.

We will complete these projects before the end of June 2017. The Board will provide District resources in the form of operating funds, capital maintenance, or staffing and staff training needed to sustain the practices, processes, and policies, and maintain the improved or new facilities, brought about by these grant-funded improvements.

Michael Z. Green, Superintendent of Schools

Woodland Public Schools is an Equal Opportunity Employer

Woodland School District consistently addresses facility maintenance and improvements by planning, documenting and tracking the needs of our school buildings. We do that by use of a maintenance management software program called SCHOOLDUDE, which tracks work orders and can be used to schedule preventative maintenance.

We agree to share the results of our projects with OSPI.

Sincerely,

BOARD OF DIRECTORS:
