Dear Jason,

Congratulations on receiving your National Board Certification! As you may know, an element of the first goal of the Woodland School Board for the 2011-2012 school year is to enhance our support for National Board Certified Teachers in our District, because our number one priority is to provide superior teachers who supply effective and high-quality instruction for our students. This certification makes you eligible for the NBPTS bonus for this current school year.

Thank you so much for your time and effort in attaining this certification. We are proud to assist teachers like you, and to know that your students will benefit by your professional development.

Congratulations, again, for this great accomplishment!

Sincerely,
