

ONLINE LEARNING

The Woodland Public Schools Board of Directors believes that a variety of learning options, including online courses and programs, are critical for 21st ~~Century-century~~ learners. The ~~Board board~~ recognizes that the online learning environment provides students with unique opportunities to become self-disciplined learners with life-long learning skills. Further, the ~~Board board~~ believes that online learning provides tremendous opportunities for students to access curriculum and specialized courses in a flexible learning environment that might not otherwise be available.

Therefore, the ~~Board-board~~ supports a range of online learning opportunities that are equally accessible to all students in the ~~sSchool Districtdistrict~~. The ~~Board-board~~ directs the ~~Superintendent-superintendent~~ to provide information to parents, students and staff regarding online learning options and the guidelines for participation.

The ~~Superintendent-superintendent~~ or designee will develop procedures to implement this policy. The procedures will include, but not be limited to, a description of student access to online learning courses/~~programsgrade-level coursework~~, student eligibility criteria, the types of online courses available to students, methods the ~~District-district~~ will use to support student success, payment of course fees and other costs, granting of course credit and conditions under which no credit will be awarded.
