

Motion to Direct Staff to Conduct High School Graduation Followup Interviews:

It is the order of the Board of Directors of the Woodland School District that District Staff shall be directed to conduct an annual survey (using some combination of telephonic and electronic data gathering) of Woodland High School graduates who have graduated 2 and 5 years respectively from the school year in which the survey is conducted.

The purpose of the survey is to provide the Board with anecdotal feedback as to the adequacy of the interviewees' Woodland School District experience in preparing them for post-high school life and work.

The survey shall be in a format approved by the board and shall utilize input from District Staff, Board members, and the public. An annual report from the most recent survey shall be presented to the Board by Staff on or before October 31 of each school year.
