LRA Statement of Understanding

In accordance with the Alternative Learning Experience Implementation Standards, reference WAC 392-121-182 (3)(e), prior to enrollment, parent(s) or guardian shall be provided with, and sign, documentation attesting to the understanding of the difference between home-based instruction and enrollment in an alternative learning experience (ALE).

Provided on this form are descriptions of the difference between home-based instruction and an ALE. Please read these descriptions and sign below.

**Summary Description**

**Home-Based Instruction**

- Is provided by the parent or guardian as authorized under RCW 28A.200 and 28A.225.010.
- Students are not enrolled in public education.
- Students are not subject to the rules and regulations governing public schools, including course, graduation, and assessment requirements.
- The public school is under no obligation to provide instruction or instructional materials, or otherwise supervise the student’s education.

**Alternative Learning Experience**

**Lewis River Academy**

- Is authorized under WAC 392-121-182.
- Students are enrolled in public education either full-time or part-time.
- Students are subject to the rules and regulations governing public school students including course, graduation, and assessment requirements for all portions of the ALE.
- Learning experiences are:
  - Supervised, monitored, assessed, and evaluated by certificated staff.
  - Provided via a written student learning plan.
  - Provided in whole, or in part outside the regular classroom.

**Part-Time Enrollment of Home-Based Instruction Students**

Home-based instruction students may enroll in public school programs, including ALE programs, on a part-time basis and retain their home-based instruction status. In the case of part-time enrollment in ALE, the student will need to comply with the requirements of the ALE written student learning plan, but not be required to participate in state assessments or meet state graduation requirements.

I have read the descriptions of home-based instruction and alternative learning experience provided and I understand the difference between home-based instruction and the alternative learning experience program in which my child is enrolling.

At-home learning requires a daily time commitment from parents/guardians to lead learning, supervise, and give feedback. We have found that the most successful LRA students have a schedule that they keep to organize their time working on school.

Please draft a schedule you will use for at-home learning based on parent availability for the following subjects: Math, English, Science, Social Studies, and Physical Education. Plan for at least 6 hours per subject each week (including planning, instruction, assessment), for a total of 30 hours a week.

Here's an example schedule:

</tbody>
</table>
Notice how in both examples there are 5 hours each week for Math, English, Social Studies, Science, and PE; they are just arranged differently in the two examples. We do recommend Math and English 5 days a week but the other subjects can be on varied days as long as they each have at least 6 hours every week (including planning, instruction, assessment), **for a total of 30 hours a week**.

Write your proposed schedule here. Give us a rough idea of how you'll schedule learning times. Your LRA teacher can help you make changes as needed.
