

Fire District Hose Cleaning Pad Consent Form

In 1981, Cowlitz-Skamania Fire District #7 (The Fire District) signed a lease agreement with the Woodland School District No. 404 (The School District) for the use of surplus property adjacent to the property where Yale Elementary is located. Section 8 addresses improvements to the property by The Fire District. Any time The Fire District makes improvements to the property that cost more than \$2,000, The Fire District must obtain the School District's written consent.

The Fire District is proposing to construct a 2100 square feet concrete pad. It will be located north of the property leased to the Yale Valley Library District. The Fire District does not have paved parking, or any other area to clean their fire hoses properly. This concrete pad will be used for that plus The Fire District will use the area for practicing extricating people from wrecked automobiles.

All aspects of the Improvement of Premises section will be followed. A copy of an aerial photo showing the location of the proposed pad is included with this letter. The Master Application that needs two signatures from The School District representative is also included.

I _____, _____,
Printed Name Title

am a representative of the Woodland School District No 404. I am authorized to provide consent for this project of the Cowlitz-Skamania Fire District #7. I hereby give my consent to the project as presented by The Fire District.
