

Key Considerations/Overview

1. Trojan Summer Camp
2. Social-Emotional Planning
3. Family and Student Re-engagement Planning
4. Trojan Math and Homework Clubs
5. Acadience Data

1. Trojan Summer Camp (Title I and ELL)

Students Targeted:

- Title I- Incoming Gr 5 & 6 Tier 2/3 students who need both reading & math support
 - 20 students per grade level
- ELL- Incoming Gr 5, 6, 7, 8, students who need both ELD, math & science support
 - 8-10 students per grade level (target 30-35)

2. Social-Emotional

As we begin the 2021-2022 school year, students will need extra social & emotional support coming out of a very challenging school year. At WMS, our counseling department strives to be constantly available to address our students needs and to continually be building positive relationships so that they feel comfortable coming for support in times of need.

In 2021-21, we will:

- Begin implementation plan for a WMS Hope Squad. Hope Squad partners with QPR (Question, Persuade, Refer) and has been implemented in 31 states and Canada. This program seeks to; create a safe school environment, promote connectedness, support anti-bullying, encourage mental wellness, reduce mental health stigma, and prevent substance misuse.
- At WMS, this program will begin as an after-school club that uses the Hope Squad curriculum.
- At the beginning of the 2021-2022 school year, the WMS school counselors will visit every Science class to introduce themselves and present resources that are available to students at our school if they need services or support.

3. Family and Student Re-engagement planning

- Provide extra after school programs (Fall 2021)
- Framework development for College and Career Readiness with Naviance used by 8th graders beginning fall 2021
- Consider revising “Lunch and Lockers” for separate 5th/6th time in August
- Consider shifting Trojan Pride Night to the fall

6. Acadience Data

WMS	Accuracy Jan 2020	Accuracy March 2021	Rate Jan 2020	Rate March 2021	Both Accuracy & Rate Winter 2020	Both Accuracy & Rate March 2021
Gr 5 Benchmark	72%	59%	64%	42%	58%	36%
Gr 5 Strategic	17%	18%	15%	25%		
Gr 5 Intensive	10%	23%	20%	33%	8%	17%
Gr 6 Benchmark	83%	76%	75%	68%	70%	61%
Gr 6 Strategic	11%	10%	10%	16%		
Gr 6 Intensive	5%	13%	14%	16%	4%	10%

WMS typically uses the following data points: SBA (grades 5-8), iReady (grades 5-8), Acadience (grades 5-6) and teacher recommendation. So far this year, upon return to hybrid, we decided to give the Acadience assessment to all 5th & 6th grade students in March 2021. We also plan to either give the SBA or the iReady assessment this spring to all students Grade 5-8. See the chart above to compare Acadience Data from last school year (Winter 2020) to this year (March 2021). There is a significant drop in achievement in both grades 5/6. However, if you follow the cohort data from 2020 5th grade to 2021 6th grade, you see there is a higher percentage of students scoring at benchmark and a higher range of students scoring intensive. These data points show that typically our strategic and intensive students were hit the hardest with learning loss during Covid.
