

~~Child Abuse, and Neglect, and Exploitation Prevention~~

Child abuse, or neglect, ~~and including~~ exploitation are violations of children's human rights and an obstacle to their educational development. The board directs that staff will be alert for any evidence of child abuse, or neglect, ~~or including~~ exploitation.

For purposes of this policy, the term "child" means anyone under the age of 18 ~~and/or any current student of the district, including home schooled students or any other person classified as a student in the district's database.~~

"Child abuse, or neglect, ~~or exploitation~~" means:

- ~~A. Inflicting physical injury on a child by other than accidental means, causing death, disfigurement, skin bruising, impairment of physical or emotional health, or loss or impairment of any bodily function; ¶~~
- ~~B. Creating a substantial risk of physical harm to a child's bodily functioning; ¶~~
- ~~C. Attempting, committing, or allowing any sexual offense against a child as defined in the criminal code. This definition also includes any communications with a child for immoral purposes or viewing, possessing, or distributing any sexually explicit images of a child. It also includes intentionally contacting, directly or through the clothing, the genitals, anus, or breasts of a child unless the contact is necessary for the child's hygiene or health care. This also includes a child's intentional or coerced contact with anyone's genitals, anus, or breasts; ¶~~
- ~~D. Committing acts that are cruel or inhumane regardless of observable injury. These acts may include, but are not limited to, instances of extreme discipline demonstrating a disregard of a child's pain or mental suffering; ¶~~
- ~~E. Assaulting or criminally mistreating a child as defined by the criminal code; ¶~~
- ~~F. Failing to provide food, shelter, clothing, supervision, or health care necessary to a child's health or safety; ¶~~
- ~~G. Engaging in actions or omissions resulting in a substantial risk to the physical or mental health or development of a child; or ¶~~

 - ~~B. Sexual abuse or sexual exploitation by any person under circumstances which cause harm to the child's health, welfare, or safety; or~~

- C. The negligent treatment or maltreatment of a child by a person responsible for or providing care to the child.

Physical discipline of a child, including the reasonable use of corporal punishment, is not considered abuse when it is reasonable and moderate and is inflicted by a parent or guardian for the purposes of restraining or correcting the child.

Children (including other students), family members, and any other adult can engage in child abuse, or neglect, or exploitation. This may include incidents of student on student misconduct. Staff should report all incidents of suspected child abuse or neglect regardless of the age of the person who engages in it.

~~Subject to the definition above, staff~~ Staff should not focus on a person's mental status to determine if ~~she or he has~~ they have committed child abuse, or neglect, or exploitation. The law governing mandated reporting does not allow for exceptions for people with medical conditions that may mitigate the intent for committing child abuse, or neglect, or exploitation.

When feasible, the district will provide community education programs for prospective parents, foster parents, and adoptive parents on parenting skills and on the problems of child abuse or neglect and methods to avoid child abuse or neglect situations. The district will also encourage staff to participate in in-service programs that address the issues surrounding child abuse or neglect.

The superintendent will develop reporting procedures and provide them to all staff on an annual basis. The purpose is to identify and timely report all evidence of child abuse, or neglect, or exploitation to the proper authorities. Staff will receive training regarding reporting obligations during their initial orientation and every three years after initial employment.

All staff are responsible for reporting all suspected cases of child abuse, or neglect, and exploitation to the proper authorities and/or the appropriate school administrator. Under state law, staff are free from liability for reporting a reasonable suspicion of child abuse, or neglect, or exploitation. However, failing to report the incident may result in criminal liability regardless of whether the authorities determine the incident is provable in a subsequent legal proceeding.

Staff need not verify a report that a child has been abused, neglected, or exploited. ~~Any conditions or information that may be reasonably related to child abuse, neglect, or exploitation should be reported.~~ or neglected. Legal authorities have the responsibility for investigating each case and taking appropriate action under the circumstances.
