

WOODLAND SCHOOL DISTRICT

RESOLUTION #23-09

REGARDING GUARANTEE OF MAXIMUM TAX RATES FOR 2025-2028 EP&O LEVY

Whereas, the total collection of the proposed three-year Educational Programs and Operations Levy (EP&O levy) increases in amount each year to keep pace with rising costs and increasing enrollment; and,

Whereas, the tax rates have been estimated based on less than typical total assessed valuation growth of property in the district; and,

Whereas, the actual assessed valuation growth may be lower than estimated; now,

Therefore, be it resolved that if the total collection requires a millage rate that is above the estimated rate, the school board will decrease, or rollback, the total levy collection to ensure that the tax rate for the Educational Programs and Operations levy does not exceed the estimated rates of \$2.15 in each year of the levy.

Adopted at a special meeting of the Board of Directors on November 16, 2023.
