

An architectural rendering of a modern school building. The building is a long, low-profile structure with a light-colored facade and a series of windows. In the foreground, there is a paved courtyard area with several groups of people sitting on the ground. To the left, there is a parking lot with a few cars. The sky is blue with scattered white clouds. The overall scene is bright and sunny.

Facilities Report February
2026

Facilities/Safety Report

- We are planning a site visit for WMS fire alarm contractors during Spring Break.
- The Grounds crew is working on sports field management and weed control as we move toward spring.
- Grounds is also taking care of some tree removal and trimming in order to facilitate our High School security cameras.
- Maintenance has been working on exterior lighting and leaks as well as replacing ice machines and HVAC filters. We are preparing for our surplus sale and inventorying items.
- A crew of volunteers is having materials delivered and will be constructing some new dugouts at our JV baseball and softball fields at WHS.
- We are hoping to utilize some grant funding to replace the roof at the covered play area of CES.
- Facilities is prepared for inclement weather days. We will be on early shifts on days with snow or ice to prepare for staff and student arrivals.
- We are working with the other Districts in the area to create a cooperative reunification plan for shared use of our facilities in the event of the need to reunify evacuated students to their families at an off site location.
