The RITU is the mechanism responsible for escalating district problems to KOCO when the troubleshooting procedures indicate a potential K-20 network problem or to the Advanced Technical Support (ATS) if the source of the problem cannot be identified.
- 4.1.3 **If the RITU determines the problem is within the district equipment** requiring reconfiguration or repair, the equipment maintenance vendor will be contacted by the RITU or the district, whichever is agreed upon between these two parties. Any expense involved in the repair or reconfiguration of district equipment is the responsibility of the district.
- 4.1.4 **Video Basic Support:** The RITU shall be active in remote diagnosis and on-site problem solving, coordination, and resolution supervision and assistance; and coordinate these roles working with district personnel, equipment, software vendors, Advanced Technical Support (ATS), and KOCO.
- 4.1.5 **Equipment Support:** The RITU shall provide the first non-district resource within the region for configuration management between KOCO and the district for modifications and upgrades. The RITU provides basic technical assistance with the K-20 equipment and provides scheduled and ad hoc inventory support to KOCO and OSPI on K-20 equipment.
- 4.1.6 **Video Equipment Support:** The RITU shall provide basic technical assistance on K-20 video equipment purchased with K-20 funds, and shall provide problem isolation for initial interactive video point of presence in each school district within the ESD.

- 4.1.7 **Data Collection and Reporting:** The RITU shall assist KOCO in certifying each site as complying with K-20 technical standards and configurations, disseminate K-20 network status information to the region, and keep KOCO apprised of regional events that may impact K-20 operations. The RITU shall maintain current database information of primary site contacts.
- 4.1.8 **District Site Contact Information:** The RITU will maintain information of primary site contacts for router and Imux equipment, videoconferencing equipment, equipment maintenance contracts, and all equipment locations within each district as provided by the district under Section 5.
