

Meeting the Community of Woodland

To Woodland Businesses and Community Organizations:

For those of us who live and work in Woodland we know what a great corner of the world this is. But we might not know of all the support organizations and family activities that are available to us and our children.

There is a small group of Woodland citizens who are organizing an evening where the community can meet representatives and gather information about youth sports opportunities, our city government, fire districts, the Port of Woodland, local churches, local service clubs and organizations, or the school district, and more

On the evening of Friday, July 17 all these different organizations are encouraged to set up a table and/or booth to hand out information, answer the questions of interested citizens, and recruit new members. We plan on having food and soft drinks available and this event will coincide with the Hot Summer Nights Music in the Plaza event. That evening The Catillacs will be playing. The new local Farmer's Market will also be open.

This is not a commercial endeavor. Our goal is to connect our community with your service organizations.

You may be receiving this letter because you are a leader of an important community service club or youth activity or church, etc. In that case we are inviting you and your organization to sign up for a booth and participate in this fun family event. In order to assess the level of interest in this event we need to know if your business or organization wants to participate by **May 20, 2009**.

To participate in this event your organization needs to provide a 10'x10' booth with a table and chairs with an awning or cover. You are encouraged to provide written information about your organization, possibly give away prizes. However, there is not to be any selling or fund raising. Our goal is strictly to promote Woodland's civic and service organizations and encourage our citizens to participate in our community.
