

WOODLAND Public Schools

Where Community & Learning Connect

MEMORANDUM:

DATE: July 8, 2009
TO: Woodland Public School Directors
FROM: Michael Green
REGARDING: Bond Timeline

With the current economic climate the growth of the Woodland area has stalled. This may lead some to believe we do not need to expand our current facilities. We still have students shoehorned into our campuses (particularly WHS and WPS). As the economy begins to improve all indications are that the need will increase. We have two options to consider in putting a bond before voters. We can run a request on February 9th, 2010 (concurrent with an M&O Levy) or we could run a bond request on April 27th, 2010. May 18th, 2010 is not an option, as it is reserved exclusively for levies that failed in February and “New” bonds

It is my recommendation that we move forward with planning for an April 27th Bond election. Below is a preliminary schedule of key dates that will be important in planning for an April 27th election:
